

Mining in Mexico Event

Sydney, 21th May 2015

Following Paydirt Media's excellent Latin America Down Under conference in Sydney, ANZMEX held its own event to bring together all the Mexico-focused dignitaries in town.

The event was the first for some time to be held outside of Melbourne, with new committee member and Sydney Lead, Eddie Aquino driving the event.

Special guests included HE Tim George, Australia's Ambassador to Mexico and his Mexican counterpart, HE Armando Alvarez; Guatemalan Ambassador, HE Connie Taracena; Mr Mario Alfonso Cantu, Mexico's General Coordinator of Mining, Ministry of Economy; and Mr Esaú Garza, Senior Advisor, Trade & Investment for Strategic Markets, ProMexico.

Mr Cantu and Mr Garza inspired an audience of investors, service companies, mining companies and the business leaders with the range of opportunities they could expect in the Mexican market. The audience was asked to "join a wave" of Australian companies entering

Mexico that included Rio Tinto, BHP, Seek, Macquarie Bank and Flightcentre.

ANZMEX is indebted to Norton Rose Fulbright, Centric Minerals & InvestorLink for supporting the event both financially and in its organisation.
